

A CURE IN FOUR DAYS

We cure the following diseases in four days and often one treatment is all that is necessary: **VARICOCELE, HYDROCELE, PILES, RUPTURE and STRICTURE.**

In view of the fact that many people have treated with various specialists for years and did not even receive relief, the above statement may seem skeptical, to all such we will state that if you will call at our office we will with their permission give you the names of reliable business men of El Paso, New Mexico and Arizona, whom we have cured and have remained so for varying periods from one to three years.

No severe operation is done, the treatments are practically painless and bloodless, and no detention from business is necessary either during or after treatment. Cures are not only rapid but radical and permanent.

We also treat with the same guarantee of success:

CATARH, NERVOUS DEBILITY, LOST FUNCTIONS, BLOOD POISON in all its stages, Scrofula, Rheumatism, and all private diseases and weaknesses and their complications.

A certainty of cure is what everyone wants, and while we treat each case on its individual merits, taking into consideration the peculiarities and susceptibilities, we sometimes meet with cases that have been neglected so long or worse, improperly treated, that they have reached an incurable stage, these cases we never knowingly accept.

Notice—The above "FOUR DAY CURES" require at least one visit to our office, otherwise it is not necessary.

DEMING AND MIMBRES VALLEY

EL PASO'S NEST NEARLY 100,000 ACRES OF FARM LAND AND BUSINESS PROPERTY IN DEMING AND MIMBRES VALLEY

Deming, N. M., Nov. 22.—W. L. Foxworth, of El Paso, has bought of H. O. Bush \$25,000 worth of town property in Deming and acreage property near town. The deal included three cottages and six lots on Pine street, between Gold and Copper avenues, the residences being occupied at present by H. H. Kelly, Thos. H. Miller and H. G. Bush; also 12 lots and four residences west of the Wagon place on Pine street, the residences being occupied at present by superintendent J. B. Taylor, W. H. Wright, S. Lindauer and Dr. R. C. Hoffman.

These seven residences are modern in every particular and are considered, perhaps, the best rental residence property in Deming. Two business lots on Gold avenue, south of Hemlock street, were also transferred in the same transaction.

The acreage property consists of 40 acres of the old A. J. Evans place, four miles southwest of Deming, and one-quarter interest in the Knowles tract of 140 acres, lying just southeast and adjoining the townsite. Mr. Foxworth already owned one-half interest in this tract, making his present interest three-quarters.

Mr. Bush sold Saturday that he expected to reinvest every cent received from this transaction in Deming and the Mimbres valley. The Oak-Sloans land company sold the Hammond place, two and one-half miles southeast of Deming, to Sam Schwing last week.

An El Paso oil concern has shipped a barrel of oil to Dr. B. K. Gannaway and C. E. Hooten, of El Paso, to develop 15 percent more power gallon for gallon than the engine naphtha now in use in the pumping plants of the land.

To develop his land, Mr. Paul Heermann, of El Paso, was in Deming arranging for the development of his land, five miles west of Homania. He has let a contract for an irrigation well to be six and one-half feet in diameter, 50 feet deep. In the bottom of this pit a 12 inch hole will be drilled as far as is practicable, in which a No. 3 pump will be submerged, which will be operated by a 30 horse power engine.

The pit to the 50 foot level will be lined with reinforced concrete. Mr. Heermann has now a force of Mexicans at work grubbing 40 acres of land.

OTTOMWA

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female troubles in all its dreary forms: shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was bad. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure." Mrs. HANRIET E. WAXLER, 624 S. Ransom Street, Ottumwa, Iowa.

Consider This Advice.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential, and always helpful.

The Deming office of the El Paso Herald is in the Chamber of Commerce. Roy Bedichek is agent and correspondent.

The Herald's distributor in Deming is C. C. Rogers, room 1, Deckert building, telephone 213. The Herald will be delivered to all parts of the city next night of publication, at 60 cents per month.

which will be put into beans the coming season, Edgar Hines will farm the place during the ensuing season. Mr. Heermann states that four new irrigation wells are being put down in his immediate vicinity.

Sam Schwing has bought of Patsburg & Wells the tract lying just east of town and containing 40 acres. The consideration is \$400.

FINDS LAS CRUCES HAS CHANGED MUCH

Frank Kropp Returns From Germany and Finds a Different Town

The office of The Herald for Las Cruces is in the Robinson Drug Store, "The Quaker Store." This firm will deliver The Herald each night at the regular rate of 60 cents a month.

Las Cruces, N. M., Nov. 22.—Frank Kropp, who has returned to the United States from a long residence in Germany, and who used to have one of the largest ranches of the valley in former years, is back again in Las Cruces. It looks different and the town is different, he says. Main street is so completely changed with new business blocks, modern places, that he would hardly recognize the town.

Nicholas Galles, who has been for many months in Hotel Dier, El Paso, is once more back in Las Cruces, at his home.

Mrs. Keeling and her daughter, who were killed by armed bandits near Engle, left for their home in response to a telegram announcing their father's death.

Miss Abbott has returned from the Educational institute at Santa Fe, and resumed her duties at the Central school.

Frank Parker and district clerk Jose R. Lucero, have left for Deming to open court there for Luna county.

Professor Hiram Hadley has returned from Santa Fe, where he attended the Educational institute.

Mrs. Keeling and her daughter are in town, located on Main street. They are former residents of Fort Sumner, but will make the valley their future home. Mr. Keeling has a position in Robinson's drug store.

Miss Aurora Anderson has returned from a visit of a week in the Paso City, where she was called by the illness of her sister.

Miss Josephine Armijo is in Mineral Wells, Tex., to spend a few weeks with friends and enjoy the health resort.

Phoebe Scholomon, of Scholomonville, Ariz., a one time resident of the valley and who still has large property interests here, is in town on her way to his brother, Morris Freudenthal.

Mrs. Oldham and her daughter, Georgia, have arrived from Germany, where Miss Oldham has been completing a course of study at a university.

W. W. Cox and son, Harold, and son-in-law, Mr. Lee and his wife, are at the Augustine ranch, where they expect to remain till the first of the year.

H. C. Newberry, who has a ranch, which lies north of Dona Ana and the family will move to Mesilla Park and live in one of the cottages near the college.

The Tri-State Telephone and Telegraph company has bought an additional 10 lines for the telephone exchange on Griggs street, which will give it a good frontage, and it is going to erect a modern clock building, which will be better than any other of the business blocks in Las Cruces.

A letter has been received by secretary to look out the valley, from James Wilson, secretary of agriculture, granting special permission for a visit to the "Farmers' Institute" at agricultural college, and speak before the body during the session. It is in session from January 1 to 6, 1912.

A. H. Curry came in from the Paso City to look over the valley, with Las Cruces as a central point.

EL PASO CEMENT RATE IS AMENDED

To Points in Common Territory Rate Will Be 23 Cents

Austin, Tex., Nov. 22.—The railroad commission has issued an amendment to commodity "C" No. 1, which provides that the rate on cement in car loads, from El Paso to all points in common territory, shall be 23 cents per 100 pounds, except that the rate to Galveston shall be 25 cents.

Points in differential territory on line between the common territory and Galveston, Harrisburg and San Antonio, on shipments moving more than 250 miles, rate shall be made by adding to the 23 cent rate above provided the class D differential named in general tariff of class rates No. 3, for the shortest mileage in differential territory and the lines. This is effective November 25.

The Man Who Pays \$10.00 Down and \$5.00

Monthly for a Lot in Grandview

Is simply paying money to himself. He's getting one of the best realty buys in the Southwest and he's paying for it on terms he can meet easily and he's "bilk-ing" the landlord. Hadn't you much rather have a deed to a home than a bunch of "rent receipts" at the end of a few years? Our prices for Grandview lots are based on actual present values and not upon some big development that is all in the future. When you see it you will appreciate the fact that the lot you buy is worth right now what you pay for it and that YOU will get the benefit of the increase. Grandview has all modern improvements, including gas, electricity, water and excellent car service. Let us show you in our autos.

A Newspaper Man's Impression of Deming and the Mimbres Valley

A PROMINENT newspaper man visited Deming a short time ago, and, after returning from a visit to various farms around Deming, sat down and dictated the following account of his trip for publication in his paper:

The expression, "the wilderness was made to blossom like the rose," has been used so much in America that it has almost become trite. It was applied first to the development of the country bordering the Atlantic, then to the prairie states, then to those sections of Colorado where luxuriant vegetation responded to the rush of irrigation waters.

Effects of Pumping Process.

However trite it may seem to the reader, nevertheless when accurately applied, the expression has a force that is appealing in its descriptiveness of the vast change which comes to a country where the barrenness has been redeemed by the hand of the agriculturist.

Therefore, when I say that the country about Deming, owing to the magic influence of water, is blossoming like the rose, I mean it literally and not figuratively. While I have seen many cases of many varieties blooming on the beautiful lawns of this town, I am not referring to them. I have in mind the alfalfa fields, which are the pride of the country, and the alfalfa fields, which are the pride of the country, and the alfalfa fields, which are the pride of the country.

And this great change at Deming has been wrought in a few short years by tapping the seemingly inexhaustible subterranean reservoir which underlies all this section.

Irrigation at Deming.

Accompanied by H. H. Kelly, cashier of the Deming National bank, C. J. Laughlin, who owns about 2000 acres of land near the town, and R. Bedichek, I motored all through the country immediately surrounding the town, and saw the wonderful metamorphosis which has taken place in the country which has been irrigated.

The water of the Mimbres valley is of such extent that if a surface river had been created by it its flow would have been sufficient to irrigate the town and country.

Crops of the Deming Country.

While alfalfa is seen on all sides here the usual crops grown in other sections of New Mexico are successful. The farmers, realizing that fruits—apples, peaches and pears—can be grown successfully, are starting orchards on an extensive scale. The value of lands has advanced rapidly since irrigation began, and the price of water is now a few cents a acre, which is a very low price.

Deming.

This town is one of the prettiest in New Mexico. It has two railroads, the Santa Fe and the Southern Pacific. It has broad streets, miles of cement sidewalks, and a very enterprising and energetic board of trade, which is spending considerable money just now in exploiting the town and country.

A \$47,000 court house has just been completed and a \$40,000 high school building is under way. The Ladies' Hospital association occupies a new \$10,000 building. The town has six churches: Baptist, Presbyterian, Episcopal, Catholic, Methodist and Christian.

The homes of the town have extensive and well-kept lawns, which are well shaded by luxuriant foliage. Only recently the contract for a new water system, costing \$18,000, was completed.

HOW TO TREAT SORES

The proper way—the only successful way—to treat an old sore is to destroy its source. Not by dangerous surgical operations or irritating "drawing" plasters, but by Nature's true method of purifying the blood and filling the circulation with rich, nourishing properties; then the cure will be natural and lasting. We can easily understand how impurities in the blood will infect some weak point on our bodies, and by continually discharging impurities into it keep the place open and inflamed until a chronic ulcer is formed. Nothing then is so sure to produce a cure of these old sores as S. S. S. This medicine is Nature's perfect blood remedy, composed of the most healing and at the same time the most penetrating and blood-purifying properties. It removes every particle of impurity or morbid matter from the circulation, and assists nature in the increasing of healthful, nutritious corpuscles in the blood. S. S. S. makes pure blood and pure blood is Nature's unfailing cure for old sores. We want every sufferer with an old sore to commence the use of S. S. S., because we know it is the remedy they most need. Book on Sores and Ulcers and medical advice free to all. S. S. S. is sold at drug stores.

\$3.50 Receipt Free, For Weak Men.

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened memory, failing memory and lame back, brought on by excessive unnatural drains, or the follies of youth, that has cured so many worn and nervous men, right in their own homes—without any additional help or medicine—that I think every man who wants to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of this prescription free of charge in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest and most reliable remedy for a deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures and nervousness, failing memory, or any of the above mentioned troubles, may get this prescription, secure what I believe to be the quickest-acting restorative, and get his manly power and vigor back again, and so cure himself, home quietly and quickly. Just drop me a line like this: Dr. A. K. Robinson, 4400 Luck Building, Detroit, Mich., and I will send you a copy of this attention-drawing prescription in a plain ordinary envelope free of charge. I want to see how many doctors would charge \$3.00 to \$5.00 for writing out a prescription like this—but I send it entirely free.
